Hand-drawn site plan showing the intersection of St. Marys Rd. and Kendrick Rd. The plan includes a north arrow, property lines, and various annotations. A new 1/2 plastic gas service line is shown running north-south, with a 12/12 box. An existing 4-inch steel gas main is shown running east-west. The intersection is marked with a center line and a 174-foot dimension. Other features include a circular driveway on St. Marys Rd., a building labeled 'New 1/2 Plastic Gas Service', and a 'Country Club Dr.' on the right side.
