

Hand-drawn site plan of the intersection of Kendrick St. and Dr. The plan shows a north arrow pointing up. Kendrick St. runs horizontally across the top, with a center line and a width of 60 feet. Dr. runs vertically on the left, also with a center line. A circular feature, likely a roundabout or a large curb, is located on the right side of Kendrick St. Handwritten notes include "STAY AHEAD OF 12' 0.111111" and "EDGE OF PAVEMENT BACK OF CURB" pointing to a dashed line. A small square structure is labeled "3633" and "NEW 5/14 P. 502".
